### **Welcome to my home the Engadin!**

I have been living in the Engadin for 30 years now, my goal is to bring you closer to the beauty, the culture and some special spots in this amazing valley.

Teaching different snow sports is my passion in winter.

In summer I`m teaching natural horsemanship.

It doesn't matter if you speak, German, English, Italien or French, it will be my pleasure to guide you and I will do my best, that you spend an unforgettable vacation in the Engadin.
